## Superior Court Notes.

Judge Denny called the calendar in both departments of the Superior Court on Monday. A resume of the proceedings is as follows:

Frederick C. Gleaser was named executor of the will of Frederick Gerlock without bonds.

Lavina Uawiller was named administrator on the estate of William Cawiller in a bond of \$500.

The final account of Emma Simon, as the guardian of the estate of Gladys Simon was settled and allowed, and her resignation was accepted. Miss Marie Simon was named as guardian in the bond of \$5,000.

The final account of the estate of Estelle Holmes, et al. was granted. C. W. Bowbeer was named administrator on the estate of Annie Bowbeer in a bond of \$2,800.

The petition to remove personal property of the estate of Catherine Bamberger to Illinois was granted.

A sale of personal property of the estate of Jose de Rose to Melvina Farley in a bond of \$150 was granted.

The estate of G. W. Petray, in which there is a contest over a sale of property, was continued to September 8.

The community estate of Isabelle H. Johnson was vested in Henry Johnson.

The trial of the suit of A. Enrietti vs. Perelli-Minetti, et al., was set for September 10.

The suit of I. M. Proctor vs. Witter Springs Company, was called up and the demurrer was overruled and ten days allowed to answer.

A motion in the suit of Giggey vs. Swain was continued to September 14.

The suit of M. Devin vs. Kaufmann, Davidson et al., was set for trial for September 14.

The demurrer in the suit of Ida Anna Gotsch vs. Albert Gotsch was continued to August 3.

On the ground of extreme cruelty Mrs. Isolina Bravo was granted a divorce and was awarded the custody of four minor children. She was also given a certificate of deposit for \$280 and \$10 per month alimony.

## Schools Open

The local grammar and high schools opened Monday with a large attendance. Over a score of new pupils entered the high school which gives promise of one of the most successful years in its history.

The Watmaugh school opened Monday with Mrs. M. J. Cochran of Kenwood as teacher in charge. Miss Clapp, of Bellevue, has been engaged to teach in Flawerty district school, which will open next Monday.

This is what Hon. Jake Moore, State Warden of Georgia, says of Kodol for Dyspepsia: "E. C. DeWitt & Co., Chicago, Ill.—Dear Sirs—I have suffered more than twenty years from indigestion. About eighteen months ago I had grown so much worse that I could not digest a crust of corn bread and could not retain anything on my stomach. I lost 25 lbs; in fact I made up my mind that I could not live but a short time, and when a friend of mine recommended Kodol, I consented to try it to please him and was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly, and write this hoping that humanity may be benefited. Yours very truly, Jake C. Moore, Atlanta, Aug. 10, 1904." Sold by all druggists.

## Lund-Hayes Wedding

Oscar Lund, son of John W. Lund of Oakland, formerly of this valley, was married in Santa Rosa last Saturday to Miss Lillian Hayes, who resides on Lower Broadway. Rev. M. H. Alexander performed the ceremony. After a short honeymoon trip, Mr. and Mrs. Lund will reside in Oakland, where the groom holds a good position. Their many friends extend hearty congratulations and best wishes.

## Inspector Here

F. O. Reeder, district inspector of I. O. O. F., made an official visit to the Odd Fellows Lodge here last Saturday evening. He found everything O. K. in the local lodge.

## Grape Outlook Good

The outlook for the coming grape crop in Sonoma county is good and President P. C. Rossi, of the Italian-Swiss Colony, declares that the price of the colony will produce an abundance of fine grapes this fall.

President Rossi declared that the price of the coming grape crop would depend on the prohibition movement, which is receiving considerable attention at this time. Unless the trade revives, in the estimation of President Rossi, the prices for grapes will not be what they should be.

## Catarrah Cannot be Cured

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrah is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrah Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrah. Send for testimonials free.

P. J. CHENNEY & CO., props., Toledo, Ohio.

## A. E. Sondag, the Tailor.

A. E. Sondag, the tailor, formerly of Sonoma, was in the valley this week taking orders for men's tailor-made suits. Mr. Sondag and family are temporarily located in Fruitvale, but the former expects to get permanent quarters for his tailoring establishment in the metropolis, in the near future. For many years he has enjoyed a liberal patronage from this valley and his work always gives satisfaction. Mr. Sondag will make regular weekly trips to the valley and solicits a share of business. Give him a trial order for a good suit and you'll be satisfied.

## The Lawrence Villa Dances

Mr. and Mrs. Henry Pellissier are at present entertaining a large number of guests at Lawrence Villa in this city. Ever looking to the comfort and pleasure of their patrons, they have engaged a fine orchestra for the season to play at their popular resort. The orchestra will furnish music for a ball every Thursday, Saturday and Sunday evenings. Read the new ad elsewhere in this issue.

## THE COAL SACK IN THE SKY.

It is Visible Because It Contains Nothing That is Visible.

Immediately below the lower stars of the group which forms the Southern Cross there is a black patch in the sky, dark, sack shaped and mysterious. Scientifically accurate astronomers explain that it is not a patch, but rather something which becomes visible by reason of the anomaly that it contains nothing that is visible.

The lay mind, preferring bald reality to abstract truth, is somewhat startled to learn that an object is seen because there is nothing in it to see, but no one can dispute the fact. The coal sack is visible because it contains nothing that is visible.

In other words, it is a vast hole in the stellar system in which there is not even a pinch of stellar dust to shed a flicker of luminosity. It is typically and absolutely the quintessence of blackness.

Because it is so, and in contradiction of all preconceived notions, the human eye can see it without the aid of a telescope or other instrument.

Between the stars of the Milky Way there are many little holes in the stellar system—little by comparison, that is to say—but one must have telescopes and patience to find them. One need only cross the line to the southern hemisphere and locate the Southern Cross in order to see the coal sack.

With the wealth of legendary tale and fable woven around the northern stars by the highly gifted races gazing on them through the ages that are gone one is tempted to speculate what tales would not have been constructed around that fathomless mystery had it appeared north instead of south of the equator.

When it rouses the poetical impulse within the brain of aboriginal Australians, what might it not have done with the ancient Greeks or still more ancient Egyptians? But they were denied it. The aboriginal uses it as he uses most things, in a topsy turvy fashion. To him the world is a flat plain crowned with a dome shaped roof.

When a man dies he has to go up to the roof and slowly journey over it until he can clamber down to the flat again and squeeze through, once more a man. The coal sack is the hole he goes through to get on to the roof, and to get up to it is a very long climb. The journey over the roof is also very long, and it is hard to squeeze through when he reaches the flat again. So long does it take that by the time a man has completed the journey not only his hair, but his skin, has grown white with age.

Wherefore the black fellow who has made the journey rejoins his tribe as a white fellow. Thus it was that when the white man first came to the land the aborigines regarded him as a long lost comrade.—Macmillan's Magazine.

## Very Sympathetic.

The manager of a shop in Lewes stood in the doorway the other day when a man with a wooden leg and a crutch came along and said:

"I want you to do me a favor. I want to leave my leg with you for a few minutes and go around to the next street and work a house for half a crown. I've an idea that the folks are very sympathetic. If I go with one leg I am sure of it."

"Very well," said the shopkeeper. "Just leave your leg here, and I'll take care of it."

The wooden substitute was unstrapped and handed over, and the cripple used the crutch to help himself down the alley.

Five minutes later he rang the doorbell of a house in the next street, to have it opened by the man he had just seen.

"Wh-wh-what?" he gasped. "Very sympathetic family lives here," quietly replied the other. "You seem to have met with a sad loss, and I'm anxious to help you. Here is a wooden leg which may fit you."

The leg was handed over. The man sat down on the steps and strapped it on, and as he got up and stumped through the gate he said to himself: "I've heard of coincidences since I was a youngster, but this is the first one that ever hit me with both feet at once."—London Answers.

## The Making of India Ink.

The manufacture of so called India ink has remained a jealously guarded trade secret for centuries. The name of the article itself is a misnomer, for the center of its production is situated in the Chinese province Anhui. The raw material is lampblack obtained by the burning of a mixture of oil of sesame with varnish and hog's lard. The slower the combustion the better and more precious is the product. The lampblack is mixed with a certain amount of glue. The dough thus formed is then beaten with steel hammers on wooden anvils, and two laborers working together at this task can finish about forty pounds of the dough per day. A small addition of Japanese camphor and musk gives it its peculiar smell. While still pliant the mixture is shaped in wooden forms and dried during fair weather. In order to be perfect each cake must be exposed to the air for twenty days. Thirty or thirty-two of the ordinary sticks weigh a pound, and the price in China varies, according to the quality from 50 cents to \$35 per pound.

## The Earnest Word.

"You never can tell," observed Uncle Allen Sparks, "what lasting results may be accomplished by an earnest word spoken at the right time. Many a man has had the shape of his nose changed for life by calling another man a liar."—Chicago Tribune.

## Clever Retort.

"Yes, I am going to marry Mr. Bullion."

"Why, he is old enough to be your father!"

"I know he is, but unfortunately he doesn't seem to care for mother."—Savine Courier-Journal.

### Our Big Celebration

A large and enthusiastic meeting of representative citizens of this city and valley attended the mass meeting in the new city hall last Monday evening. The meeting was called for the purpose of organizing the people for a grand celebration in honor of the dedication of Sonoma's fine new municipal building, on September 9. Mayor Breitenbach was chosen chairman of the meeting and, City Clerk Joseph B. Small, was made secretary. A number of interesting talks were made and considerable discussion, indulged in.

Among other features, decided on were: The formal and appropriate dedicatory program; a grand parade, a barbecue, horse races and a grand ball in the evening. Both railroad will be seen in regard to excursion trains to Sonoma on that day.

The motion prevailed to appoint a number of committees on the various features of the celebration, the chairman of the different committees to form the executive committee. Mayor Breitenbach has not as yet completed his appointments, but expects to be able to have the committees at work by Monday.

### Fatal Accident

Last Friday a party of four San Franciscans, summering in El Verano, engaged a rig from the Union Stables in this city to take a ride about the valley. They had gone to Boyes Springs and taken baths and were returning to Sonoma, when the rig was upset at Mathewson's corner, opposite Verano station. All four were thrown out and one man, Archie Frawley, fatally injured. The other three escaped with a few bruises and scratches. In the rig at the time were Archie Frawley, Richard Doyle, Fred H. Hyar and Edward Healey.

The accident happened between five and six o'clock in the afternoon. Dr. Leix came along about this time and was asked by Mr. Doyle to attend Mr. Frawley, whom he thought was badly hurt. Dr. Leix stayed with the unfortunate man all night and did everything possible, but the injured man never regained consciousness. He died Saturday morning at 6:15 o'clock.

Coroner Blackburn was notified, and came over and held an inquest at Bates' undertaking parlors in this city Saturday morning, at ten o'clock. The following composed the coroner's jury: G. S. Hargis, S. Woodworth, F. T. Duhring, J. V. Lente, Frank De Martini, C. C. etjen, John Stockwell and W. O. Hocker. It was brought out during the inquest that Archie Frawley was driving at the time, and at altogether too great a speed. In turning the sharp corner at such a rate, the outside rear wheel, naturally broke and the rig upset.

Deceased was a native of California, aged 28 years, and leaves a wife and two minor children and a large number of relatives to mourn his loss. The cause of his death was concussion of the brain.

The remains were shipped to San Francisco Saturday afternoon. Interment took place in that city Tuesday morning.

### Will Open Monday

The sisters of the Presentation Convent are making all preparations to reopen their school in the convent building Monday. Several of the pupils who graduated from the grammar grades last term, will take up the business and high school courses under the tuition of the sisters.

## Sonoma County Schools

The annual report of County Superintendent of Schools, DeWitt Montgomery, which he has completed and forwarded to State Superintendent H. H. Hatt, shows there are 140 school districts in Sonoma county this year, as compared with 139 last, while there are 259 teachers as compared to 256 last year. Of the 259 teachers 234 are grammar school teachers and 25 high school.

The average salary paid men during the year was \$1126.10 as compared to \$1055 last year, while the women received \$678.38 as compared to \$651 last year. The general average salary has risen from \$700 to \$725.03. The receipts from all sources for school expenses, this year was \$282,137.47, as compared to \$316,769.15 the year previous. The balance on hand is \$78,448.80 as compared to \$54,300.89 last year. The bonded indebtedness of the various districts has increased \$2568 during the year, and now amounts to \$110,425.

### Set the Date

On Saturday night there was a meeting of the Democratic County Central Committee held in Santa Rosa under the presidency of Chairman J. G. Smith. William H. Pool was at the secretary's desk. The meeting was held for the purpose of setting the date for the primaries at which delegates will be named to the county convention and for setting of the date for the county convention and for the transaction of other business.

It was decided to hold the primaries on August 19. The Democratic county convention will be held in Santa Rosa on August 26. At the convention, candidates for superior, judge, Assembly and Supervisors will be named as well as delegates to the Democratic State convention.

### Sonoma Brewery Kept Busy

All hands are kept busy at the Sonoma Brewery these days supplying the increased demand for Sonoma Steam, the "None Better" kind that Mr. Steiner is turning out.

You can patronize home industry and get the best for your money by buying Sonoma steam beer. Call for it and insist on getting it.

### A New Editor

The Sunnyvale Standard has a new associate editor in the person of W. K. Roberts, Jr., who arrived on earth last Sunday, July 26th. He is a fine, husky, 10-pound boy, but Editor Roberts thinks it will be some time before the young man will engage actively in the newspaper work. Mr. and Mrs. Roberts (nee Hunter) Sonoma Valley friends extend hearty congratulations.

### Rev. Day and Family Return

Rev. W. C. Day and family have returned from their vacation at Santa Cruz, and feel greatly refreshed from the outing. Rev. Day has again taken up his duties as pastor of the Congregational Church in this city and on next Sunday, August 2nd, there will be services in the church, morning and evening, as usual.

### Coming Again

The people of this city and valley will be pleased to learn that the Frank Cooley Co. will return to play a two or three nights engagement in the Union Hall next Thursday, Friday and perhaps Saturday. The Frank Cooley Co. puts on excellent shows and people are always glad of the opportunity of seeing them.

### Now Running

The schooner "Four Sisters," Capt. D. L. Larkin, is plying regularly between the landing below town near Shellville station and San Francisco. Until further notice, the "Four Sisters" will leave the landing for San Francisco, on Mondays, Wednesdays and Fridays of each week.

Save freight, money and get more for your fruit by shipping on the schooner. For particulars as to rates, etc., apply to Capt. D. L. Larkin, Shellville, or W. D. Horyford, agent, Mission street wharf, No. 1, San Francisco.

## A Strange Disappearance

About two weeks ago an unknown man, driving a bay mare hitched to an old spring wagon, stopped on this side of the Petaluma road, about five miles from Sonoma, unharnessed his animal turned it into an adjoining field and made arrangements as if preparing to camp for the night. The man has not been seen by anyone since. This week the people living in the vicinity notified Deputy Sheriff Jos. Ryan and requested him to investigate the matter. Wednesday the officer accompanied by Gus Marcey and Fred Leibacker visited the place and searched the brush thinking that the man might have committed suicide. No trace of the man was found and the officer is now working on the theory that the rig was stolen and that the thief had abandoned the property in this way. The following description of the horse may lead to the identification of the man and clear up the mystery that surrounds him:

The animal is a bay mare, weighs about 1000 pounds, and is about 12 years old. Is branded bar G on right shoulder and has a star on face. The spring wagon is an old fashioned one, with three springs, one at each end and a central one. Deputy Sheriff Ryan removed the wagon to the Cozy Corner Saloon grounds and left the horse with Mr. Wm. Jason, whose field the animal had been turned into. We understand that a further search will be made higher in the hills for the missing man.

### The Pure Food Law

Attention is directed to section 5 and section 6 of the California Pure Foods Act, March 11, 1907.

The principle in these cases is the same as in the case of other pure food products—the label must speak the truth. The name of the fruit contained in the package, its grade and class, must be truthfully set forth. It is not necessary to state the name of the packer or producer, nor the name of the place where the fruit is grown or packed, but if this information is given it must not be false in any particular.

These provisions are regarded as being extremely important to the fruit industry, and they will be strictly enforced. No evasion, by use of corporate or firm names in designating place of production or by other subterfuge will be tolerated. The maximum penalty for each violation of these provisions is a fine of \$500, imprisonment for six months, and seizure and destruction of all mislabeled goods.

### James H. Budd Dead

After an illness of long duration, former Governor Jas. H. Budd, of California died Thursday morning at 6:45 o'clock. The end came quiet and peacefully.

Uræmia, or in other words, uric acid poisoning, resulting from the last stages of Bright's disease, was given by the family physician as the direct cause of death.

James H. Budd was born in Janesville, Wis., May 18, 1851. He accompanied his parents to California in 1858, settling at Old Liberty, San Joaquin county. Shortly after the family moved to Woodbridge, where the father, Judge Jos. H. Budd practiced law a short time. In 1862 the family moved to Stockton. He refused a nomination for the Assembly in 1876; was elected to Congress in 1882 from a strong Republican district, and in 1894 defeated M. M. Estee for Governor.

The Governor leaves a wife, Inez Budd, who has attained quite a reputation as an author of religious and astronomical works. A mother and a brother, Attorney John E. Budd of Stockton, also survive him.

### Launch to be Raffleed

Mr. J. P. Johnson has decided to raffle off his gasoline launch, The St. Lawrence, and will soon place the tickets on sale. Here is a good chance to secure a first-class launch cheap. The raffle will take place in Sonoma at a date not yet set.

## Free Baths Sunday

Tony Happe, the genial proprietor of the Schellville and Embarcadero Resort will furnish free a bowl of fine, hot clam chowder and the privilege of a fresh or salt water bath, on Sunday next, to all guests at this popular summer resort. The bowling contest now going on at Tony's place is attracting considerable attention and some good scores have been made. Don't fail to take a chance of winning one of the prizes offered and at the same time enjoy a bath at one of the best salt water resorts in the valley.

### Were Hung Today

Siemsen and Dabner, the two gas-pipe thugs, were executed today. Since they were put in the death chambers last week they are reported to have gained ten pounds each. Their appetites were good and neither seemed at all dejected.

Dabner in particular remarked to his guards Tuesday: "Well, a fellow has to die anyway, and it doesn't make much difference when I feel sorry for my folks, of course, but they have to expect me to die sometime, and it might as well be now."

### Death of Infant

Evelina Jason, infant daughter of Mr. and Mrs. Wm. Jason, aged six months, died at the home of her parents on the Champlain ranch on Thursday, July 23.

The bereaved parents have the heart-felt sympathy of the community over this loss.

The remains were interred in the Calvary cemetery at Petaluma.

### A Fine Show

The Frank B. Cooley Co. held forth in the Union Hall, three days this week and gave the people the best shows that ever came to the historic old town of Sonoma. They played to crowded houses every evening during their engagement and will always be greeted with large audiences whenever they visit this city.

### Apportioned School Money

County Superintendent DeWitt Montgomery has completed the apportioning of the \$34,250.60 of the school funds to the various districts upon the basis of \$5.80 per child upon the average daily attendance. The districts in Sonoma Valley will receive the following amounts:

El Verano \$243.60; Flowery \$104.40; Glen Ellen \$278.40; Huichi ca \$92.80; San Luis \$179.80; Sonoma \$585.80; Dunbar \$127.60; Watmough \$37.00; Enterprise \$46.40.

### Our Best Fertilizer

Intelligent and successful tillers of the soil the world over, have always recognized the folly of allowing their land to become impoverished and have been constant users of good fertilizers.

It will therefore be of interest to the farmers generally to know that the cheapest and best fertilizer in the world to-day is nitrate of soda found in Chili, S. A. It has been repeatedly proved that the use of from \$2 to \$3 worth of nitrate to the acre has produced an increase in the crops of from 70 per cent to 300 per cent according to the soil and the crop raised.

The greater yield that comes from the use of nitrate of soda, far exceeds the expense and labor of putting it on the land.

Mr. James A. Landsborough, a former well known citizen of this valley, is an expert on the use of nitrate and will cheerfully and freely furnish any information desired on the subject. He has about twenty tons of the nitrate on hand now and more shipments are being made each week.

For full particulars as to prices, etc., call on or address James A. Landsborough, importer and wholesale and retail dealer in nitrate of soda, Shellville, Sonoma Co., Cal.

## Don't You Feel Well? Ache All Over?

Feverish? Feel as though your blood was hot? Cold feet? Backache? Those warning signals which indicate that a "bad cold" or a fever is coming on? Don't get discouraged, but go home. On the way stop in any drug store and get Dr. Pierce's Golden Medical Discovery. When you get home, take a hot bath or a hot foot bath, go to bed, cover up warmly—take a dose of the "Golden Medical Discovery," in the morning another dose, and you will feel better. You will not have to continue many doses before you are well. If you still persist in the use of Dr. Pierce's Golden Medical Discovery you will find improvement in your general constitution, appetite and blood—your liver will become active and throw off the poisons from the system.

Get as near to Nature's way as you can. There's a reason. Vegetable foods are usually good for the health. The human economy digests and assimilates them best. In disease a remedy made up of Golden Seed root, Queen's root, Stomach root, Black Cherry bark, Mandarin root and Bloodroot, as Dr. Pierce's Golden Medical Discovery, is positive yet safe, is assimilated in the stomach and taken up by the blood, therefore it is the most potent means which can be employed for the regaining of lost health.

Microbes snatch at us from every corner. They mean to kill or eat us if they

can. They are formed by mifflons on everything we eat, drink and wear. The air is alive with them. Medical science has proven in the past few years that nearly every disease is a germ disease. Such disease germs enter into the blood in two ways, either through the lungs or stomach. If the blood is pure and rich, the liver and stomach in healthy, active condition, the germs of disease cannot find a resting place there to multiply. Diseases of the lungs, bronchitis and consumption, grip and pneumonia are very apt to spread through a factory where there is much fine dust in the air. The lungs become irritated and the germ find a fertile field for growth. Extreme weakness, feelings of nervous exhaustion, coughs and colds are the warning signals which should be heeded. One should put the system in the very best possible condition right away. Rid your body of the poisons that are apt to accumulate and your system is ready to ward off the attack of the germs of disease. Doctor Pierce's Golden Medical Discovery makes rich, red blood—by increasing the red blood corpuscles. There is no alcohol in this great tonic to shiver up the red blood corpuscles. An alternative extract made only of native medicinal roots, it goes about its work in nature's way. Only when it comes from its use, as it invigorates and tones the liver into proper action, and feeds the worn-out nerves, stomach and heart on pure blood.

"I am a firm believer in Dr. Pierce's Golden Medical Discovery," writes Joseph Napoleon Herbert, Chairman Board of Relief, of 23 Paul Street, Montreal, Quebec. "I find that it has been of practical value to a number of cases in my employ. They are especially exposed to inclement weather, and often the colds contracted run into pneumonia, stomach trouble, or kidney and liver disease. However, since we have known of the value of Golden Medical Discovery, there is much less sickness, as this medicine seems to keep the blood in a healthy, active condition, and is a very fine tonic for a run-down system. I am pleased to acknowledge its worth."

**HEADACHES** generally arise from bad stomachs. Foul breath, bitter taste, coated tongue, sour eructations or belching of gas, are common symptoms of this condition. All present every case. To cure, take small doses, only one or two pills three or four times a day. Dr. Pierce's Golden Medical Discovery, the Original Liver Pills, first put up by Dr. J. C. Ayer, is a very fine tonic for a run-down system. I am pleased to acknowledge its worth."

## BREVITIES

Watsonville, Santa Cruz county, will have one of the biggest grain crops in its history.

The Visalia sugar factory recently made a record run of 8000 pounds of sugar in 24 hours.

Fruit growers near Red Bluff, Tehama county, are credited with quite an extensive appearance of cottony-cushion scale.

The hop picking machine being tested near Gridley is more successful than anticipated by most hop growers.

Sutter County Supervisors say that the State dip fails to cure scab of sheep.

Redlands, San Bernardino county, has a tree commission, the duty of which is to look after shade trees of the city.

Counties of Southern California in which forest reserves are located will hereafter receive 25 per cent. of all revenue from these reserves.

The Fresno Chamber of Commerce proposes to take up the fight for continuation of present tariff on raisins.

Bert Barber, of Elton, Wis., says: "I have only taken four doses of your Kidney and Bladder Pills and they have done for me more than any other medicine has ever done. I am still taking the pills as I want a perfect cure." Mr. Barber refers to DeWitt's Kidney and Bladder Pills. Sold by all druggists.

No wool sale is to be held in Ukiah this year as the market is too flat. Most of this spring's clip with the last fall clip is held over and will be kept in storage.

Truck farmers of Southern California and, in fact, of the whole state are disappointed in market conditions this year.

Just a little CASASWEET is all that is necessary to give your baby when it is cross and peevish. CASASWEET contains no opiates nor harmful drugs and is highly recommended by mothers everywhere. Conforms to the National Pure Food and Drug Law. Sold by all druggists.

Future prices are not made on prunes as yet and the market shows no desire to become very active.

There are over 200,000 acres of sugar cane planted on the Hawaiian Islands.

It is estimated that the price of prunes will be much less than the short crop would indicate.

A new pest has developed in the wheat fields of Plazo, Washington, which stings the stalk, or deposits its eggs within the stalk, which soon decays and breaks over.

DeWitt's Witch Hazel Salve is good for cuts, burns, bruises or scratches. It is especially good and piles. Recommended and sold by all druggists.

The packing house of the Fresno Home Packing company at Selma was recently destroyed by fire. It was over 400 tons of raisins.

Over 3000 acres are now planted to pineapples in Hawaii, and it is estimated that in a few years, this will aggregate 10,000 acres.

Offerings are freely made at Portland in quoting to cents for the coming hop crop. Growers are slow in accepting the price.

Grain growers of Eastern Washington have found a wonderful improvement in their grain crops by proper seed selection.

There is one preparation known today that will promptly help the stomach. This is Kodol. Kodol digests all classes of food, and it does it thoroughly, so that the use of Kodol for a time will without doubt help anyone who has stomach trouble. Take Kodol today and continue it for a short time that is necessary to give you complete relief. Kodol is sold by all druggists.

An experimental planting of bacco at Marysville, Yuba county, is proving very satisfactory, the plants having grown exceedingly well and being now nearly ready for the harvest.

## Over Thirty Years

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by L. S. Simmons.

## Boy's Life Saved

My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy which cured him and believe that saved his life—WILLIAM H. STROLING, Carbon Hill, Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by L. S. Simmons.

Quite a large element of farmers near Davisville is appealing for the separation of the University Farm from the management of the State University.

## Twenty-Five Cents is the Price of Peace

The terrible itching and smarting, incident to certain skin diseases, is almost instantly allayed by applying Chamberlain's Salve. Price, 25 cents. For sale by L. S. Simmons.

Buyers of apricots at Chico have attempted to buy the present output of dried apricots at 5 3/4 cents. No growers are as yet anxious to sell at such figures.

## Help For Those who have Stomach Trouble

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all the medicine bought before—SAMUEL BOYER, Folsom, Iowa. This medicine is for sale by L. S. Simmons. Samples free.

Fruit growers near Portland, Oregon, will market this season more than fifty cars of logan berries.

## Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him \$100.00

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar of Cat Island, La. "For several weeks I was unable to do any thing. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill. Sold by L. S. Simmons.

Farmers at Walla Walla, Washington are unloading hold-over crop of last year's hay.

## Estray Notice.

Came to my place several weeks ago, one brown mare. Owner can have same by proving property, paying damages and for this advertisement.

## Wise Talks by the Office Boy Repeated

Did you ever hear about the old lady who made a pin cushion of an onion and the next morning found all the needles had tears in their eyes? Don't it almost bring tears to your eyes when you meet

prosperous men on the street wearing their last year's hat and suits, when there's a store like ours just around the corner? If the men of this burg knew what a fine lid we will sell them for \$2.00 and how much more attractive and prosperous it will make them look, they'd be standing in line for a block in front of our place during our sale. We don't want to make capital out of our own misfortune but we overstocked and the sales tickets must be gingered. Besides we need room. So our loss is your gain if you hurry! If you don't we both might lose out and that would be the limit. Everybody is holding "sales" but ours is the real thing. Sail in and see for yourself WILLIE.

## The Rosetta Stone.

The Rosetta stone was found in 1799 by a French engineer officer in an excavation made near Rosetta. It has an inscription in three different languages, the hieroglyphic, the demotic and the Greek. It was erected 195 B. C. in honor of Ptolemy Epiphanes because he remitted the dues of the priestly body. The great value of the Rosetta stone lies in the fact that it furnished the key whereby the Egyptian hieroglyphics were deciphered.

## A Poor Compliment.

Minister (on return from holiday)—Well, Daniel, my good man, and how have things been going on in my absence? Daniel—"Deed, sir, a' things been gaun on bravely. They say that you reconsider when ye gang frae hame aye tak' guid care to send vaur mien than yours to fill the poort. But ye never dae that, sir!—Punch.

## A Jingo.

"Father," asked little Rollo, "what is a jingo?" "A jingo, my son, is a man who is firmly convinced that somebody other than himself ought to go out and whip somebody."—Washington Star.

## A Sure Cure.

"I've cured my husband's insomnia." "How did you do it?" "I pretended I was ill, and the doctor left medicine which Henry was to give me every half hour all night long."

## Not.

"Your foreman perspires freely, doesn't he?" "Yes, he doesn't; his perspiration costs me \$7 a day."—Houston Post.

## A Kaffir and a Beating.

Just as a Kaffir is slow in locating pain which is being experienced in his own body, so is he slow in imagining what others are suffering. A young Kaffir related, says Daddy Kidd in "Savage Childhood," that when he was a child his father threatened him with a beating if he did something or other. The child was puzzled as to what sort of thing a beating might be, for, although he had often seen his bigger brothers beaten, his imagination was unable to work on the sight and reconstruct the experience of these others into terms of his own senses.

When his father threatened him, therefore, he simply laughed, for he had not the remotest idea of how a beating really felt. It took a very short time for the young gentleman to extend the boundaries of his knowledge.

Swift retribution followed the unpardonable sin of showing disrespect to his father. As the children go about entirely bare, there was no delay for preparation. The father took a stick and applied it vigorously, "according to directions," and with entire success. "When the tears and snarling were over," said the Kaffir in his old age, "I sat down and thought it over. 'Well, I said to myself, now I know what father means by a beating. I don't know what is the reason of it; but, anyhow, I know what sort of a thing a beating is.' I often laugh when I think how stupid I was before that."

## Demonstration.

Grace—And did you ever propose to a girl in a canoe? Fred—Yes, and I'll never do it again. The girl jumped at my proposal and upset the boat.—Harper's Weekly.

## All the Difference.

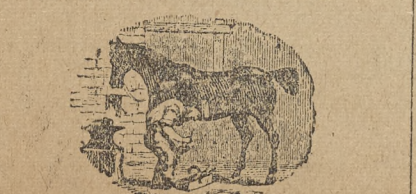

"Society dropped the De Lacys because they had a skeleton in their closet, I understand?" "No—because they didn't keep it there."—Cleveland Leader.

Have a care of whom you talk, to whom and of what and where.—Horace.

## The Painter Man.

Mark Twain at a dinner at New York once talked about the troubles of housekeepers at the painting season. He said, "If you are a housekeeper, I don't need to tell you that when a painter has taken up the parlor carpet, removed the furniture from the dining room, leaned two ladders against the hall mantel and stacked a half dozen variegated cans of paint on the sideboard it means he is now ready to paint the outside shutters and the back fence."
